

21st March 2020

Dear Village Resident

Further to our email yesterday, Kate and her team have been working really hard to offer you a take-away menu which is now ready!

Please go to www.shoulderofmuttonharrogate.co.uk and there is now a takeaway service page on Kate's website. (look for the first tab at the top of the page).

This menu is extensive and will be updated every week with a new menu to keep it fresh and interesting for us all.

Please take a look to see what is on offer and then just ring through the order. Kate is also doing an amazing Mother's Day offer which is well worth a look.

Kate and her team have been working very carefully to make sure that the takeaway offer follows the latest guidelines on food delivery and we have hygiene experts on our team helping us through this process. Lucy's team of volunteers will also be ensuring that they use the latest protocols for their deliveries to you or you can pick up your own order. Kate will ask you how you wish to receive your order when you telephone through to her [REDACTED]

If you need a helping hand with anything else at all eg shopping, collection of medicines or anything else please do contact Lucy [REDACTED]

Lucy and Kate will be putting together the food ordering list so that you can order fresh fruit and veg, meat and bakery goods from the pub in the next few days.

We are also going to live stream the church service tomorrow at 11am. If you go onto facebook and search for either Kirkby Overblow or Kirkbycommunity, you should see a picture of the fishing lakes and our Kirkby Overblow village name stone. It is the first time we have tried this so fingers crossed! We will be looking at other ways to include people who don't use facebook in future weeks. Any questions, please contact [REDACTED]

Finally, we are trying to put a list together of all the people who are not using email. I would be really grateful if you could send through the names of anyone who you know would rather receive these updates via a phone call or a note through their door (we will include hygiene guidance with this too).

Thanks everyone

The Parish Council and CoVid Team
