

# Kirkby Overblow Parish Council and CoVid Team

Email No 4

25th March 2020

Dear Village Resident

We hope that you are all managing ok with the new situation that we are in. We are here to help you and to enable you to have the supplies that you need that enable you to stay safely at home. From the announcement that Boris Johnson made on Monday night, it is now vital that we all **stay at home**. Do not meet up with other villagers or anyone else outside of your household. Anything that you bring into the house including post and food stuffs should be wiped with antibacterial wipes and then wash your hands. Please be assured that Kate, her team and our volunteers are very aware of the Government advice and will follow guidance as set out in our last email to you. If you have any questions at all, please do contact us.

## **Fresh food and store cupboard items to order**

Kate has now finalised a list of fresh food and store cupboard items that you can order from her. Please find the list attached and this will be available from **NEXT WEEK**.

## **Please can you email or telephone your order to Kate**

at [REDACTED] Please order by 6pm Sunday.

All your orders will be processed on Monday, stock will come to us Tuesday and orders will be ready for collection/delivery

Wednesday. **Please state if you require delivery and provide an address.**

## **Collections will be allocated in 15 minute time windows to reduce social traffic.**

If there is something you need that is not on the list, please let Kate know and she will do her best to source it. We are a resourceful bunch in this community and we have an army of volunteers ready and waiting to help.

## **NHS Clap For Our Carers: When is the date and what do we need to do?**

We are all so grateful to the amazing NHS and want to show our appreciation in a small way by joining in with the NHS Clap for our carers tomorrow night at 8pm. If you want to make a real noise then rattle pots and pans, blow whistles, anything that makes a noise from the safety of your home/garden! We will be on our roof doing our bit! Thank you to all of the NHS staff who we know personally and to all those

involved in any capacity in these challenging times. They are doing an amazing job.

### **Village News**

The fantastic team that produce the Village News have decided with us that it won't be delivered in light of the current situation. It has been prepared and many of the events outlined in it will not now be going ahead but if anyone did want an online copy, this can be requested by sending an email to Lower Wharfedale Parish News at [lwparishnews@yahoo.co.uk](mailto:lwparishnews@yahoo.co.uk)

### **Our PC/CoVid Team**

As you know, there are a team of us who are here to help you. Our designated roles are :

Ruth	Chair of CoVid Community Group
David	Chair of Parish Council
Kate	Food and Supplies
Lucy	Volunteering and Communications
Gillian	Public Health and Emergency Planning
John	Technology
Vicky	Transport of Supplies
Jim	Church Warden and Community Engagement
Steven	Dunkeswick Liaison

We have been made aware of various emails asking you to take part in research to help the medical profession understand the spread of the virus and other similar emails; some look to be legitimate and say they are from hospitals. All of our updates are coming straight from the Government website, Gov.UK or the NHS website. Gillian advises at the moment not to sign up to anything that can't be confirmed as legitimate Government advice.

Please contact us if you need anything or if you are aware that someone else needs our support. Anyone who does not have email will now be contacted by telephone via a volunteer so that they can receive updates.

**Stay at home, keep safe and pick up the phone if you need us. We are all here to help.**

Best wishes

The PC and CoVid Team
